TO REPORT A TORNADO CALL YOUR LOCAL POLICE DEPARTMENT

NOTICE
 Privacy Considerations...The 911 (nine-one-one) emergency telephone number has been developed to quickly summon emergency service in a crisis situation. Callers should realize that when reporting an emergency by dialing 911, their telephone number (including non-published numbers) and their address may be automatically displayed on a viewing screen located at the 911 answering centers and that this call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller even if the call is disrupted by crisis.

Callers who do not wish to have their telephone number or address displayed on the viewing screen should report an emergency by dialing the seven (7) digit number of the appropriate emergency agency. These emergency telephone numbers may be found in the White Pages.
